

**BY ORDER OF THE COMMANDER
341ST CIVIL. ENGINEER SQUADRON (AFSPC)
MALMSTROM AIR FORCE BASE MT 59402-7536**

CEC OPERATING INSTRUCTION 32-10

1 February 1997

Civil Engineering

WEEKLY CONSTRUCTION STATUS BRIEFING UPDATE

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

The purpose of this operating instruction is to establish specific requirements for the weekly construction status briefing.

SUMMARY OF REVISIONS:

This is the first publication of CEC OI 32-10, substantially revising DEE OI 89-09.

1. **RESPONSIBILITY:** It is the responsibility of the Chief of Construction Management to ensure this operating instruction is adhered to.

2. PROCEDURES:

2.1. The number of contract modifications and the cumulative contract modification costs will be monitored and indicated for each project under contract in addition to the contract award cost.

2.2. Modifications will be categorized as design deficiencies and user requests. A metrics will be established and maintained to monitor this information.

LARRY ATONICH, P.E.
Chief Engineer

Supersedes DEE OI 89-09, 13 Jan 92
